## Welcome

Thank you for choosing Pool Operator Training for the Pool & Hot Tub Alliance's<sup>SM</sup> Certified Pool/Spa Operator<sup>SM</sup> (CPO<sup>®</sup>) course.

This course provides training to individuals responsible for providing a safe, sanitary and healthful environment for both swimmers and employees alike.

## Who should take this course?

Anyone who has direct responsibility for, and/or is overseeing staff associated with the daily operation of a swimming pool.

- ◆ Aquatics Directors
- ◆ Lifeguards
- ◆ Directors of Facilities
- ◆ Plant Engineers
- ◆ Housekeeping staff
- ◆ Upper management would benefit.

## Here's what we do...

We educate and train individuals to meet the requirements to be successful in the certified pool operator course.

The two-day, knowledge based course covers topics including, but not limited to:

- ◆ Regulations & Guidelines
- ◆ Chemical Testing
- ◆ Chemical Feed & Control
- ◆ Chemical Adjustment
- ◆ Water Circulation
- ◆ Pool & Spa Filtration
- ◆ Spa & Therapy Pool Operation
- ◆ Facility Safety
- ◆ Troubleshooting

## Course Benefits

The CPO<sup>SM</sup> course is recognized world-wide with benefits that include:

- ◆ Being a proven educational tool
- ◆ Wide acceptance by local and state authorities.
- ◆ Topics critical to operators including a section on local & state codes.
- ◆ A comprehensive handbook that is frequently updated and revised.
- ◆ Instructors are certified and authorized by fellow instructors/PHTA Education Committee members.
- ◆ Providing a more thorough understanding of the operator's role in pool care, risk reduction and management.
- ◆ National and International recognition

## Certification

Certification is valid for five years and must be renewed prior to expiring to remain "current".

**CEU's may be available for the CPO<sup>®</sup> Certification course.**

**See [www.pooloptraining.com](http://www.pooloptraining.com) for more detailed information about class types, registration, and policies.**

## The CPO Certification Course
